Keystone in Cat.6A quality for use in 10 Gigabit Ethernet networks with a bandwidth of 500 MHz - now in a particularly slim design

- The cables are connected to the keystones without tools - the cable cores are simply inserted into the guides; the module is closed and compressed - the connection is ready
- Keystones with printed colour coding according to EIA / TIA 568
- The Keystone modules can be latched into a 19" module carrier (26.11.0360 / 26.11.0359 or 26.99.0331 / 26.99.0332) with earthing connection. Or they become a junction box together with a module holder 25.16.8579
- The VALUE Cat.6A/Class EA 19" keystones meet the transmission requirements of a Cat.6A/Class EA Link
- The particularly slim design offers you considerable advantages in high-density network environments
